Full-Text Paper (PDF): Unstrange minds Remapping the world of autism

A memoir of raising a daughter with autism and an anthropological and historical investigation into autism around the world, *Unstrange Minds: Remapping the World of Autism* draws upon Grinker's own experiences, those of families of children with autism in the United States, Korea, India and South Africa, and a variety of experts and caregivers.

Action For Autism was founded in 1991. *Unstrange Minds: Remapping the World of Autism* (Grinker 2007), addresses what others have called an "epidemic in autism.

When anthropologist Richard Grinker's daughter was diagnosed with autism in 1994, it occurred in only about 1 in every 10,000 children. Within ten years, rates had

*Unstrange Minds: Remapping the World of Autism* by Roy Richard Grinker. This global exploration of autism by a scientist—and father of an autistic child—is the first book to show that the "epidemic" holds surprising new promise for better diagnosis and treatment.

*Unstrange Minds* is a nonfiction book by anthropologist Roy Richard Grinker about the rise in autism diagnoses throughout the world over the last twenty years. It provides a cultural history of autism and describes the experiences of parents of children with autism in the United States, South Korea, India, and South Africa.
